Why join?

- You always wanted to create something daring
- You want to do what others consider audacious and impossible
- You want to realize your own vision
- You are not afraid to test your skills and persistence
- You want to compete with others

Oh... and you have 4 weeks to accomplish your mission!

Join us today! Challenge yourself! Be prepared to work hard and prove you are worthy of a space career.

Goals and commitment

You will have the opportunity to broaden your horizons and to learn from some of the best technologists and scientists in the World.

We are giving you the chance to work hard in creative teams of young engineers, scientists and technologists.

You will have the opportunity to work with real satellite hardware and learn from the EnduroSat engineering team.

We are giving you the tools to actually experiment and build real prototypes of high-tech products and services

... So stop wasting your time and **APPLY!**

Requirements:

- Be persistent and never quit
- Be brave enough to create
- Be prepared to make lots of mistakes
- Share and collaborate
- Bring Space closer to us!
